COMMUNITY VISION

The Shire of Ngaanyatjarraku - On a journey

Our Land - Looking after our Land

Our People - Looking after our People

Leadership - Showing the way for our Community

Principal place of business:

Great Central Road

Warburton Aboriginal Community

Western Australia

**SHIRE OF NGAANYATJARRAKU
FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021**

*Local Government Act 1995
Local Government (Financial Management) Regulations 1996*

STATEMENT BY CHIEF EXECUTIVE OFFICER

The attached financial report of the Shire of Ngaanyatjarraku for the financial year ended 30 June 2021 is based on proper accounts and records to present fairly the financial position of the Shire of Ngaanyatjarraku at 30 June 2021 and the results of the operations for the financial year then ended in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Signed on the 1st day of November 2021

Chief Executive Officer

Kevin Hannagan
Name of Chief Executive Officer

BUTLER SETTINERI

SHIRE OF NGAANYATJARRAKU

SHIRE OF NGAANYATJARRAKU
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. The trust banking account had a nil balance for the 2021 financial year.

INITIAL APPLICATION OF ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

These were:

- AASB 1059 *Service Concession Arrangements: Grantors*
- AASB 2018-7 *Amendments to Australian Accounting Standards - Definition of Materiality*

The impact of adoption of these standards is described at Note 26.

NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS

The following new accounting standards will have application to local government in future years:

- AASB 2020-1 *Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current*
- AASB 2020-3 *Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments*
- AASB 2021-2 *Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates*

It is not expected these standards will have an impact on the financial report.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

SHIRE OF NGAANYATJARRAKU
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021

2. REVENUE AND EXPENSES

REVENUE RECOGNITION POLICY

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of revenue recognition
Rates	General rates	Over time	Payment dates adopted by Council during the year	None	Adopted by Council annually	When taxable event occurs	Not applicable	When rates notice is issued
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants with no contract commitments	General appropriations and contributions with no reciprocal commitment	No obligations	Not applicable	Not applicable	Cash received	On receipt of funds	Not applicable	When assets are controlled
Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming	Single point in time	Full payment prior to issue	None	Set by State legislation or limited by legislation to the cost of provision	Based on timing of issue of the associated rights	No refunds	On payment and issue of the licence, registration or approval
Pool inspections	Compliance safety check	Single point in time	Equal proportion based on an equal annually fee	None	Set by State legislation	Apportioned equally across the inspection cycle	No refunds	After inspection complete based on a 4 year cycle
Other inspections	Regulatory Food, Health and Safety	Single point in time	Full payment prior to inspection	None	Set by State legislation or limited by legislation to the cost of provision	Applied fully on timing of inspection	Not applicable	Revenue recognised after inspection event occurs
Waste management collections	Kerbside collection service	Over time	Payment on an annual basis in advance	None	Adopted by Council annually	Apportioned equally across the collection period	Not applicable	Output method based on regular weekly and fortnightly period as proportionate to collection service
Property hire and entry	Use of Shire's facilities	Single point in time	In full in advance	Refund if event cancelled	Adopted by Council annually	Based on timing of entry to facility	Returns limited to repayment of transaction price	On entry or at conclusion of hire
Fees and charges for other goods and services	Shire services, other fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Adopted by Council annually	Applied fully based on timing of provision	Not applicable	Output method based on provision of service or completion of works
Sale of stock	Warta Shop and visitor centre stock	Single point in time	In full in advance	Refund for faulty goods	Adopted by Council annually	Applied fully based on timing of provision	Returns limited to repayment of transaction price	Output method based on goods
Commissions	Commissions on licencing and artist sales	Over time	Payment in full on sale	None	Adopted by Council annually, set by agreement with Department of Transport and Artists	On receipt of funds	Not applicable	When assets are controlled
Reimbursements	Insurance claims	Single point in time	Payment in arrears for claimable event	None	Set by mutual agreement with the customer	When claim is agreed	Not applicable	When claim is agreed

2. REVENUE AND EXPENSES

(a) Grant revenue

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

	2021 Actual \$	2021 Budget \$	2020 Actual \$
Operating grants, subsidies and contributions			
Governance	1,991	2,000	2,094
General purpose funding	3,261,033	1,555,027	3,129,242
Education and welfare	-	-	154,686
Community amenities	-	-	10,000
Recreation and culture	30,994	-	371
Transport	2,655,546	2,010,257	2,308,131
	5,949,564	3,567,284	5,604,524
Non-operating grants, subsidies and contributions			
Transport	2,472,913	3,408,055	2,755,744
	2,472,913	3,408,055	2,755,744
Total grants, subsidies and contributions	8,422,477	6,975,339	8,360,268
Fees and charges			
Governance	500	-	562
Health	330	400	260
Education and welfare	102,857	48,000	48,000
Housing	180,418	95,590	147,854
Community amenities	71,520	71,265	85,734
Recreation and culture	187,856	200,000	205,300
Economic services	-	800	1,150
	543,481	416,055	488,860

There were no changes to the amounts of fees or charges detailed in the original budget.

SIGNIFICANT ACCOUNTING POLICIES

Grants, subsidies and contributions

Operating grants, subsidies and contributions are grants, subsidies or contributions that are not non-operating in nature.

Non-operating grants, subsidies and contributions are amounts received for the acquisition or construction of recognisable non-financial assets to be controlled by the local government.

Fees and Charges

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

SHIRE OF NGAANYATJARRAKU
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)

Contracts with customers and transfers for recognisable non-financial assets

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire was recognised during the year for the following nature or types of goods or services:

	2021 Actual \$	2021 Budget \$	2020 Actual \$
Operating grants, subsidies and contributions	5,949,564	3,567,284	5,604,524
Fees and charges	543,481	416,055	488,860
Other revenue	1,869	61,000	36,219
Non-operating grants, subsidies and contributions	2,472,913	3,408,055	2,755,744
	<u>8,967,827</u>	<u>7,452,394</u>	<u>8,885,347</u>

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire is comprised of:

Revenue from contracts with customers included as a contract liability at the start of the period	317,137	317,137	256,574
Revenue from contracts with customers recognised during the year	6,177,777	4,044,339	6,129,603
Revenue from transfers intended for acquiring or constructing recognisable non-financial assets during the year	2,472,913	3,090,918	2,499,170
	<u>8,967,827</u>	<u>7,452,394</u>	<u>8,885,347</u>

Information about receivables, contract assets and contract liabilities from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non-financial assets is:

Trade and other receivables from contracts with customers	41,312	-	33,797
Contract liabilities from contracts with customers	(1,504,253)	-	(317,137)

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met.

Information is not provided about remaining performance obligations for contracts with customers that had an original expected duration of one year or less.

Consideration from contracts with customers is included in the transaction price.

Performance obligations in relation to contract liabilities from transfers for recognisable non-financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

SHIRE OF NGAANYATJARRAKU
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)

Revenue from statutory requirements

Revenue from statutory requirements was recognised during the year for the following nature or types of goods or services:
 General rates

Other revenue

Reimbursements and recoveries
 Other

Interest earnings

Interest on reserve funds
 Rates instalment and penalty interest (refer Note 23(b))
 Other interest earnings

	2021 Actual	2021 Budget	2020 Actual
	\$	\$	\$
General rates	172,589	197,656	228,009
	172,589	197,656	228,009
Reimbursements and recoveries	116,532	31,416	36,219
Other	1,869	61,000	62,811
	118,401	92,416	99,030
Interest on reserve funds	21,183	40,000	32,152
Rates instalment and penalty interest (refer Note 23(b))	145	-	1,311
Other interest earnings	12,654	12,150	27,637
	33,982	52,150	61,100

SIGNIFICANT ACCOUNTING POLICIES

Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Interest earnings (continued)

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes.

(b) Expenses

Auditors remuneration

Restrictions		
The following classes of assets have restrictions imposed by regulations or other externally imposed requirements which limit or direct the purpose for which the resources may be used:		
Cash and cash equivalents	6,366,389	4,156,010
	6,366,389	4,156,010
The restricted assets are a result of the following specific purposes to which the assets may be used:		
Reserves - cash backed	4	4,862,136
Contract liabilities from contracts with customers	14	3,838,873
Total restricted assets	1,504,253	317,137
	6,366,389	4,156,010

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Restricted assets

Restricted asset balances are not available for general use by the Shire due to externally imposed restrictions. Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

All reserves are supported by cash and cash equivalents and are restricted within equity as Reserves - cash backed.

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve	Anticipated date of use	Purpose of the reserve
(a) Employee Entitlement Reserve	Ongoing	Established to fund a portion of future commitments for employee entitlements incurred as a result of employing staff and workers in relation to leave entitlements.
(b) Asset Replacement, Acquisition and Development Reserve	Ongoing	To provide and replace the necessary equipment, furniture, plant, buildings and infrastructure comprising of roads, drains, footpaths and recreational reserves.
(c) Cultural Centre Reserve	Ongoing	To provide for the successful operation of the Cultural Centre as provided for in clause 8.2 of the management deed between the Shire of Ngaanyatjaraku, Warburton Community Incorporated and the Ngaanyatjarra Council (Aboriginal Corporation), transfers to the reserve represent surplus funds from the day to day operations of the Cultural Centre after deducting costs incurred by the Shire.
(d) Strategic Reserve	Ongoing	To provide for the reduction of financial risk of unanticipated events in the occurrence of a natural disaster. To provide for strategic actions in support of identified activities that cannot be funded in the one budget period. To provide for the capacity to take-up unanticipated strategic opportunities.

5. OTHER FINANCIAL ASSETS

(a) Non-current assets

Financial assets at fair value through profit and loss

Financial assets at fair value through profit and loss

Units in Local Government House Trust

	2021	2020
	\$	\$
	36,903	35,034
	36,903	35,034
	36,903	35,034
	36,903	35,034

SIGNIFICANT ACCOUNTING POLICIES

Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

6. TRADE AND OTHER RECEIVABLES

Current

Rates receivable	
Trade and other receivables	
GST receivable	

2021	2020
\$	\$
-	4,833
41,312	33,797
-	23,462
41,312	62,092

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 25.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

7. INVENTORIES

Current

Fuel and materials

The following movements in inventories occurred during the year:

Balance at beginning of year

Inventories expensed during the year

Additions to inventory

Balance at end of year

	2021	2020
	\$	\$
	57,029	50,497
	57,029	50,497
	50,497	71,223
	(29,721)	(35,486)
	36,253	14,760
	57,029	50,497

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

8. OTHER ASSETS

Other assets - current

Prepayments
 Accrued income

	2021	2020
	\$	\$
Prepayments	13,600	-
Accrued income	-	3,525
	13,600	3,525

SIGNIFICANT ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

9. PROPERTY, PLANT AND EQUIPMENT

(a) Movements in Balances

Movement in the balances of each class of property, plant and equipment between the beginning and the end of the current financial year.

Comprises:				
Gross balance at 30 June 2021	8,923,334	187,426	2,086,637	11,197,397
Accumulated depreciation at 30 June 2021	(1,836,822)	(180,207)	(1,756,264)	(3,773,293)
Balance at 30 June 2021	7,086,512	7,219	330,373	7,424,104

9. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
(i) Fair Value					
Buildings					
Buildings - non-specialised	3	Cost approach using depreciated replacement cost	Management Valuation	June 2017	Construction costs based on recent contract prices, current condition, residual values and remaining useful life assessments.
(ii) Cost					
Furniture and equipment	-	Cost	Cost	-	Purchase costs.
Plant and equipment	-	Cost	Cost	-	Purchase costs.

Following a change to Local Government (Financial Management) Regulation 17A, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change was effective from 1 July 2019 and represented a change in accounting policy. Revaluations carried out previously were not reversed as it was deemed fair value approximated cost at the date of change.

10. INFRASTRUCTURE

(a) Movements in Balances

Movement in the balances of each class of infrastructure between the beginning and the end of the current financial year.

	Infrastructure - roads \$	Other infrastructure - Recreation Infrastructure \$	Other infrastructure \$	Total Infrastructure \$
Balance at 1 July 2019

SHIRE OF NGAANYATJARRAKU
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021

10. INFRASTRUCTURE (Continued)

(b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
(i) Fair Value					
Infrastructure - roads	3	Cost approach using depreciated replacement cost	Management valuation	June 2018	Construction costs based on recent contract prices, current condition, residual values and remaining useful life assessments.
Other infrastructure - recreation infrastructure	3	Cost approach using depreciated replacement cost	Management valuation	June 2018	Construction costs based on recent contract prices, current condition, residual values and remaining useful life assessments.
Other infrastructure	3	Cost approach using depreciated replacement cost	Management valuation	June 2018	Construction costs based on recent contract prices, current condition, residual values and remaining useful life assessments.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

11. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are buildings and infrastructure acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of buildings and infrastructure is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

Revaluation (Continued)

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires buildings and infrastructure and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY

Land under roads from 1 July 2019

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, is treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with *Local Government (Financial Management) Regulation 17A(2)(iv)* is a departure from AASB 16 which would have required the Shire to measure the vested improvements as part of the related right-of-use assets at zero cost.

Other infrastructure	10,209	-	-
	1,642,048	1,501,660	1,512,133

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	50 years
Furniture and equipment	4 years
Plant and equipment	5 to 7 years
Sealed roads and streets	
- formation	not depreciated
- pavement	8 to 31 years
- seal	
- bituminous seals	3 to 20 years
- asphalt surfaces	3 to 20 years
Gravel roads	
- formation	not depreciated
- pavement	8 to 31 years
- kerb	6 to 14 years

Depreciation on revaluation

When an item of property, plant and equipment is revalued, the gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses.

12. REVALUATION SURPLUS

	2021 Opening Balance	2021 Closing Balance	2020 Opening Balance	2020 Closing Balance
	\$	\$	\$	\$
Buildings - non-specialised	4,052,570	4,052,570	4,052,570	4,052,570
Plant and equipment	190,407	190,407	190,407	190,407
Infrastructure - roads	49,024,610	49,024,610	49,024,610	49,024,610
	53,267,587	53,267,587	53,267,587	53,267,587

Movements on revaluation of property, plant and equipment (including infrastructure) are not able to be reliably attributed to a program as the assets were revalued by class as provided for by AASB 116 Aus 40.1.

	32,411	-
	1,531	-
	452,494	182,675

SIGNIFICANT ACCOUNTING POLICIES

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services.

The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition

14. CONTRACT LIABILITIES

Current

Contract liabilities

2021	2020
\$	\$
1,504,253	317,137
<u>1,504,253</u>	<u>317,137</u>

SIGNIFICANT ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Liabilities under transfers to acquire or construct non-financial assets to be controlled by the entity

Grant liabilities represent the the Shire's performance obligations to construct recognisable non-financial assets to identified specifications which are yet to be satisfied.

Grant liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

SHIRE OF NGAANYATJARRAKU

Non-current	-	13,791	-	13,791
	<u>102,775</u>	<u>108,913</u>	<u>5,639</u>	<u>217,327</u>

	2021 \$	2020 \$
Less than 12 months after the reporting date	108,414	84,230
More than 12 months from reporting date	120,156	99,980
Expected reimbursements from other WA local governments	(11,243)	(11,243)
	<u>217,327</u>	<u>172,967</u>

Amounts are expected to be settled on the following basis:

Less than 12 months after the reporting date
 More than 12 months from reporting date
 Expected reimbursements from other WA local governments

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees.

Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

The Shire's obligations for employees' annual leave, isolation leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued)

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

16. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	2021 Actual	2021 Budget	2020 Actual
	\$	\$	\$
Cash and cash equivalents	10,059,898	4,066,360	6,902,571

FOR THE YEAR ENDED 30 JUNE 2021

21. RELATED PARTY TRANSACTIONS

Key Management Personnel (KMP) Compensation Disclosure

	2021 Actual	2020 Actual
The total of remuneration paid to KMP of the Shire during the year are as follows:	\$	\$
Short-term employee benefits	530,488	389,789
Post-employment benefits	49,672	35,516
Other long-term benefits	44,587	34,574
	<u>624,747</u>	<u>459,879</u>

Short-term employee benefits

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

Post-employment benefits

These amounts are the current-year's estimated cost of providing for the Shire's superannuation contributions made during the year.

Other long-term benefits

These amounts represent long service benefits accruing during the year.

Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

There were no transactions with related parties during the year.

No outstanding balances or provisions for doubtful debts or guaranties exist in relation to related parties at year end.

Related Parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel.

ii. Other Related Parties

An associate person of KMP employed by the Shire under normal employment terms and conditions.

Any entity that is controlled by or over which KMP, or close family members of KMP, have authority and responsibility for planning, directing and controlling the activity of the entity, directly or indirectly, are considered related parties in relation to the Shire.

22. JOINT ARRANGEMENTS

Joint operation

The Shire together with the Shires of Coolgardie, Dundas, Esperance, Laverton, Leonora, Menzies, Ravensthorpe, Wiluna and City of Kalgoorlie-Boulder have a joint operation arrangement with regards to the provision of a Regional Records Service. The facility is located in Kalgoorlie and the Shire holds one-tenth share of the joint operation.

SIGNIFICANT ACCOUNTING POLICIES

Interests in joint operations

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Joint operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement.

Interests in joint arrangements (Continued)

The Shire recognises its interest in the joint operation assets including its share of any assets held jointly, its liabilities, including its share of any liabilities incurred jointly, the revenue from the sale of the output arising from the joint operation and its expenses, including its share of any expenses incurred jointly using a proportionate accounting method.

SIGNIFICANT ACCOUNTING POLICIES

Rates

Control over assets acquired from rates is obtained at the commencement of the rating period.

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

25. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables and financial assets.	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate %	Carrying Amounts \$	Fixed Interest Rate \$	Variable Interest Rate \$	Non Interest Bearing \$
2021					
Cash and cash equivalents	0.24	10,059,898	4,862,136	5,195,262	2,500
2020					
Cash and cash equivalents	0.81	6,902,571	3,838,873	3,061,198	2,500

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2021	2020
Impact of a 1% movement in interest rates on profit and loss and equity*	\$ 51,953	\$ 30,612

* Holding all other variables constant

25. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

Trade and Other Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2020 or 1 July 2021 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors.

The loss allowance as at 30 June 2021 for rates receivable was determined as follows:

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
30 June 2021					
Rates receivable					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	
Gross carrying amount	-	-	-	-	-
Loss allowance	-	-	-	-	-
30 June 2020

Gross carrying amount	33,180	617	-	-	33,797
Loss allowance	-	-	-	-	-

25. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables

Payables are subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer.

The contractual undiscounted cash flows of the Shire's payables are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
	\$	\$	\$	\$	\$
2021					
Trade and other payables	452,494	-	-	452,494	452,494
Contract liabilities	1,504,253	-	-	1,504,253	1,504,253
	1,956,747	-	-	1,956,747	1,956,747
2020					
Trade and other payables	182,675	-	-	182,675	182,675
Contract liabilities	317,137	-	-	317,137	317,137
	499,812	-	-	499,812	499,812

26. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

(a) AASB 1059 Service Concession Arrangements: Grantors

Service concession assets are those assets where a third-party operator constructs assets for the Shire, upgrades existing assets of the Shire or uses existing assets of the Shire to operate and maintain the assets to provide a public service, for a specific period of time.

The Shire has considered the requirements of AASB 1059 - Service Concession Arrangements and confirms that the Shire has no existing arrangements that fall within the scope of this Standard.

SHIRE OF NGAANYATJARRAKU

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2021

27. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of superannuation funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regularity to ensure the carrying value does not differ materially from that which would be determined using fair value at the end of the reporting period.

SHIRE OF NGAANYATJARRAKU
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021

28. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

PROGRAM NAME AND OBJECTIVES	ACTIVITIES
<p>GOVERNANCE To provide a decision-making process for the efficient allocation of scarce resources.</p>	<p>Includes the activities of members of council and the administrative support available to the council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.</p>
<p>GENERAL PURPOSE FUNDING To collect revenue to allow for the provision of services.</p>	<p>Rates, general purpose government grants and interest revenue.</p>
<p>LAW, ORDER, PUBLIC SAFETY To provide services to help ensure a safer and environmentally conscious community.</p>	<p>Supervision and enforcement of various local laws relating to fire prevention and other aspects of public safety including emergency services.</p>
<p>HEALTH To provide an operational framework for environmental and community health.</p>	<p>Inspection of food outlets and their control, and a waste pick-up service at Warburton.</p>
<p>EDUCATION AND WELFARE To provide services to children and youth.</p>	<p>Nil.</p>
<p>HOUSING To provide and maintain staff housing.</p>	<p>Provision and maintenance of staff housing.</p>
<p>COMMUNITY AMENITIES To provide services required by the community.</p>	<p>Rubbish collection services and litter control in Warburton.</p>
<p>RECREATION AND CULTURE To establish and effectively manage infrastructure and resources which will help the social well being of the community.</p>	<p>Maintenance of public halls, civic centre, aquatic centre, recreation centres and various sporting facilities. Provision and maintenance of parks and playgrounds. Operation of other cultural facilities.</p>
<p>TRANSPORT To provide safe, effective and efficient transport services to the community.</p>	<p>Construction and maintenance of roads, streets, footpaths, depots and traffic control. Cleaning of streets and maintenance of street trees.</p>
<p>ECONOMIC SERVICES To help promote the Shire and it's economic wellbeing.</p>	<p>Tourism and area promotion, and building control.</p>
<p>OTHER PROPERTY AND SERVICES To monitor and control council's overheads operating accounts.</p>	<p>Private works operation, plant repair and operation costs and administrative costs.</p>

29. FINANCIAL RATIOS

	2021 Actual	2020 Actual	2019 Actual
Current ratio	1.94	14.85	15.16
Asset consumption ratio	0.83	0.84	0.84
Asset renewal funding ratio	1.42	1.41	1.57
Asset sustainability ratio	2.19	1.72	2.39
Debt service cover ratio	N/A	N/A	N/A
Operating surplus ratio	1.30	1.00	(0.58)
Own source revenue coverage ratio	0.16	0.15	0.12

The above ratios are calculated as follows:

Current ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Asset consumption ratio	$\frac{\text{depreciated replacement costs of depreciable assets}}{\text{current replacement cost of depreciable assets}}$
Asset renewal funding ratio	$\frac{\text{NPV of planned capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$
Asset sustainability ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{depreciation}}$
Debt service cover ratio	$\frac{\text{annual operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating surplus ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own source revenue coverage ratio	$\frac{\text{own source operating revenue}}{\text{operating expense}}$
