Summary

For Council to be advised of the Shires Municipal Account and Investments for March 2026.

Background

To invest the Shire of Ngaanyatjarraku surplus funds with consideration of risk and at the most favourable rate of interest available to it at the time, for that investment type, whilst ensuring that liquidity requirements are being met.

Comment

Preservation of capital is the principal objective of the investment portfolio. Investments are to be performed in a manner that seeks to ensure security and safeguarding the investment portfolio. This includes managing credit and interest rate risk within identified thresholds and parameters.

The investment portfolio will ensure there is sufficient liquidity to meet all reasonably anticipated cash flow requirements, as and when they fall due, without incurring significant costs due to the unanticipated sale of an investment.

The investment is expected to achieve a predetermined market average rate of return that considers the Shire's risk tolerance. Any additional target set by the Shire will also consider the risk limitation and prudent investment principles.

Attached is a copy of the Shire Investment Register recording the details of these longer-term investments.

In a previous report within the agenda, the Shire Investments were presented. This report reflects the reconciliation of bank & investment accounts reported in the monthly financial report under Note 2 Cash & Cash Equivalent (August2025).

Voting Requirement:	Absolute Majority

Summary

For Council to consider and approve the execution under Common Seal of the Goldfields Voluntary Regional Organisation of Councils (GVROC) Memorandum of Understanding for the period 2026–2028.

Background

The Goldfields Voluntary Regional Organisation of Councils (GVROC) is a voluntary alliance of Goldfields local governments established to enhance regional collaboration, shared advocacy, and coordinated service delivery. Member councils include the Shires of Coolgardie, Dundas, Esperance, Laverton, Leonora, Menzies, Ngaanyatjarraku, Wiluna and the City of Kalgoorlie-Boulder.

The current Memorandum of Understanding (MOU) sets out the agreed purpose, objectives, governance arrangements, financial contributions, and operating principles of GVROC, and is proposed to apply for a 12 month period. The MOU is a non-binding statement of intent and cooperation between the participating councils.

Each member council is required to formally approve and execute the MOU under Common Seal to confirm participation for the 12 month term.

Comment

The MOU provides a clear framework for:

- Regional collaboration and advocacy on shared priorities;
- Joint service delivery and resource sharing where appropriate;
- Governance arrangements, including representation, voting and office bearers;
- Financial contributions to support GVROC operations, including the Executive Officer position; and
- Dispute resolution and review mechanisms.

Execution of the MOU enables the Shire to continue its participation in GVROC and to collectively engage with neighbouring local governments on matters of regional significance.

As at the 2025/26 financial year, the contribution is set at \$35,000 per participating council. Future contributions will remain subject to annual Council consideration through the budget process.

Summary

The Council to approve the use of the common seal on the Sport and Recreation Funding Agreement with Ngaanyatjarra Council (NG Council) for the 2025/26 financial year.

Background

Discussions between the NG Council CEO and the Shire of Ngaanyatjarraku determined that the NG Council is better suited to deliver the Sport and Recreation program in the Ngaanyatjarra communities.

At the 30 October 2024 ordinary council meeting, Council resolved to transfer Sport and Recreation program funds and assets to the Ngaanyatjarra Council. The 2025/26 budget allocation of \$270,000 reflects this ongoing divestment to ensure continued program delivery.

Comment

A funding agreement has been established to formally allocate funds of \$270,000 to the Ngaanyatjarra Council, ensuring both transparency and accountability. The agreement requires a written report on achievement of the project objectives and outcomes within 60 days of the completion of the project as per Clause 6 of the agreement:

- a. All expenditure of the funding amount with supporting receipts and invoices; and
- b. A report on achievement of Project objectives and outcomes

Disclosure of Interest:	The author has no financial, proximity, or impartiality interests in the proposal.

Summary

For Council to receive the monthly financial report for March 2026.

Background

Council has resolved those details and explanations of the material variances reflected on the Statement of Financial Activity and are provided as required by Local Government (Financial Management) Regulation 34 (1)(d). The attached statements include details of variances between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold of \$20,000 or 10% whichever is the greater.

Comment

Comments in relation to budget to actual variances are included below. Comments related to 'timing' refer to an estimate of when costs would occur at the time the budget was formulated versus the actual costs once incurred.

'Permanent' variances to note as at month end are:

- **Grants, Subsidies & Contribution** - *Favourable*: Result due to early receipt of grant funding.
- **Fees and Charges** – *Favourable*: Increase in rentals income.
- **Other revenue** – *Favourable*: Increased income from insurance reimbursements.
- **Employee Costs** – *Favourable*: Reflects savings from current vacancies in budgeted positions.
- **Utility Charges** – *Favourable*: Caused by timing differences between budgeted and actual expenditure.
- **Depreciation** – *Unfavourable*: a result of timing differences. Expected to be in-line with budget by the year-end.
- **Insurance** – *Unfavourable*: *Unfavourable*: a result of timing differences. Expected to be in-line with budget by the year-end.
- **Other Expenditure** – *Favourable*: General underspending across various accounts.

The Council has also been advised that the variance between the cash and cash equivalents position disclosed in the monthly financial report of \$18,474,953 differs from that of the cash position disclosed in the investment register of \$18,481,246 (\$6,293 variance) due to expenses which had not cleared the bank at the date of reporting.
